BOOK OF FEES

Description	Authority	Effective Date
REFUSE COLLECTION SERVICE CHARGES	City Council	Sept. 1, 2024

Fee Schedule

Refuse Service Charges are comprised of the costs associated with the contract with the City's waste Hauler, Waste Management, Incorporated and City Administrative costs. These rates were approved by the City Council on July 20, 2016. The agreement with Waste Management provides Waste Management with exclusive rights to collect garbage, recyclable materials, bulky items and organic waste from residential, multifamily and City service units when services are provided in carts and bins. The Agreement also grants exclusive rights to collect garbage from commercial service units when services are provided in carts and bins. The Agreement includes all of the enhanced and new programs as well as implementation procedures and service level requirements for each program. The projected rates below are the maximum rates the City can impose.
